The LTSAE Delegate is well-connected within his or her community to others who work with or serve young children, parents, and families. A primary purpose for a Delegate will be the dissemination of LTSAE materials. Additionally, the profile for delegates includes:

-- Connected with groups that serve or advocate for young children, parents, and families;
-- Good communication and listening skills - comfortable meeting with people and sharing the LTSAE materials;
-- Able to facilitate awareness of the LTSAE materials within his or her region;
-- Comfortable reaching out to and/or represent culturally diverse groups/populations and the community at large.

We are looking for delegates who come from a variety of backgrounds and expertise, including healthcare providers, early childhood educators, agencies that work with early childhood such as Headstart, advocacy organizations such as AuSM and the various Arc’s, and parents who meet the above criteria. Additionally, we want to reach out to culturally diverse populations from various communities.

The time commitment is a two year period, starting with the LTSAE Summit on November 8 – 9, 2012.
